C7 **What We Do**

The American Psychological Foundation (APF) provides financial support for innovative research and programs for students and early career psychologists working to make a difference in people's lives.

Photo

Jillian M. Holm-Denoma, recipient of the Ruth G. and Joseph D. Matarazzo Scholarship

"The funding from the scholarship was incredibly important to my work because it was my largest source of dissertation related funding. Without this money, I would not have been able to collect and analyze genetic data from almost 200 women..."

C1 Breadcrumb

Root of breadcrumb will be "American Psychological Foundation" rather than "Home", which links to the APA homepage.

C2 IDM Header

Header will change to accommodate APF style.

C3 Carousel

Display rules: The carousel uses MS1011, a separate component, which consists of the cycle time (e1) and (e2), an embedded instance of ES1010. Items for the carousel must have an image (ES1010 e6) uploaded. Clicking on the numbers or arrow keys moves to a different item in the carousel.

Schema: MS1011 (e1-e2)

C4 Donate button

Donate button, text, and link will be hardcoded into template.

C5 Facebook Link

Homepage contains link to Facebook page. Interior pages will contain share bar with all social media links.

C6 Column 1 Content

Content is entered and managed manually using one or two instances of e2, an embedded instance of ES001 (Generic Content Block, WYSIWYG). For each instance of ES001, display ES001 (e1, title), (e2, body), (e3, image) and (e4, formatted link) if entered.

C7 Column 2 Content

Content is entered and managed manually using one or two instances of e3, an embedded instance of ES001 (Generic Content Block, WYSIWYG). For each instance of ES001, display ES001 (e1, title), (e2, body), (e3, image) and (e4, formatted link) if entered.

Contains a video highlighting foundation activities. Will either be embedded on homepage or static image linked to another page. Embedded video will need a link to the transcript. Formatted link "More about what we do" links to the About Us page.

C8 Column 3 Content**Text Ticker**

This area contains a text ticker of fixed height. It will display three items at a time. It will scroll up one item at a time, with the top item disappearing, the second and third items moving up, and a new item appearing. Up to 10 rotating items can be stored in the text ticker.

WYSIWYG Content

Content is entered and managed manually using one or two instances of e4, an embedded instance of ES001 (Generic Content Block, WYSIWYG). For each instance of ES001, display ES001 (e1, title), (e2, body), (e3, image) and (e4, formatted link) if entered.

C9 Footer

New footer customized with APF-specific links and contact information.
